Signed: ..... **Date:** .....

ABOUT US

The Club was formed in November 2001 for owners of all Mazda Rotary's from the early classic models, the RX-7 range and the current RX-8's. It was set up to aid in the preservation, improvement and enjoyment of these unique vehicles. MRC's membership proudly includes owners of every type of rotary engine car built by Mazda since the first Cosmo 110 of 1967.

Incorporating **RX-8Club.com** ensures that the owners of these current cars can feel welcome in to the wider rotary community too. MRC seeks to provide all rotary car owners with accurate technical and historical information based on Mazda's rotary heritage from the earliest right through to the latest RX-8.

By sharing experiences and expertise through the Club, many owners have saved valuable time and money in tracking down a problem, handling routine maintenance or simply planning modifications to improve the performance or appearance of their car. Many people have also used the knowledge and expertise of Mazdarotaryclub.com members when purchasing their very first rotary car.

BENEFITS

MRC aims to assist with the enjoyment of owning a rotary powered car where ever possible from organising informal "pub meet" type meetings, official Club track days and Club attendance at various car shows throughout the year.

The Club is also able to assist rotary owners through its hugely popular website where members are able to communicate with rotary enthusiasts from all over the world, whether for fun or for assistance with their particular pride and joy.

In addition to becoming part of MRC's rotary community Full Club Members will enjoy access to various discounts when joining the AA and RAC breakdown cover, and specially negotiated rates with various insurance companies as well as participating suppliers including various Mazda dealers.

Full Club Members will also benefit from free museum admission at our Spring Rotor Show held this year at The Haynes Museum in Somerset, together with reduced ticket prices for our very own event Rotorostock, held at Santa Pod Raceway, near Northampton.

All MRC members also receive the quarterly mazda magazine direct from Mazda UK.

TO JOIN

Joining the largest rotary club in Europe is easy. Simply fill in the form overleaf, enclose the £30 introductory fee and send it to the club address listed overleaf. Alternatively, join online at **www.mazdarotaryclub.com** by clicking "Join MRC Now" at the top of the screen. Upon joining, new members receive a numbered card (needed to be claim some discounts) and a **Mazdarotaryclub** or **MazdaRX-8Club** tax disc holder.

MRC MEETINGS IN 2007
